PROFESSIONAL SUMMARY

Full Stack Developer with 3 years 4 months of experience building production-grade, scalable, secure, multi-tenant web and mobile applications across FinTech, EdTech, and enterprise domains. Proficient in Angular, React, Node.js, and cloud platforms (AWS, Azure) with deep expertise in OAuth2 authentication, REST API design, payment gateway integrations, and FCA-compliant banking systems. Promoted twice in two years for delivering high-impact features in agile environments.

TECHNICAL SKILLS

Languages	JavaScript, TypeScript, HTML5, CSS3, JSX, Python
Frontend	Angular, React, Ionic, Responsive UI Development
Backend & APIs	Node.js, Express.js, RESTful API Design, GraphQL, REST/SOAP Integration, API Validation, Jest
Databases	MySQL, MSSQL, PostgreSQL, MongoDB, SQLite, Redis
Cloud & DevOps	AWS, Microsoft Azure, Docker, Nginx, PM2, CI/CD, Kubernetes
Auth & Security	OAuth 2.0, JWT, API Security, Session Management, AML / IDV Compliance
Tools	Git, GitHub, GitLab, Bitbucket, Jira, Postman, VS Code, Android Studio, SonarQube, Terraform
Other	Cron Jobs, Socket io, System Design, Distributed Systems, Scalability, Claude Code, OpenAI Code.

WORK EXPERIENCE

Full Stack Developer | [Consectus Limited](#)

Thane, MH | Dec 2024 – Aug 2026

Promoted from Junior Software Developer (April 2025)

- Architected and implemented a custom OAuth2 authentication platform with secure login, OAuth2/JWT-based token management, role-based access control (RBAC), and banking-grade security, ensuring compliance with FCA regulations and OWASP Top 10 security standards using React.js, Angular, Node.js, Express.js, SQL, and MongoDB.
- Built scalable FinTech banking platform covering digital onboarding, account management, secure transactions, AML/IDV compliance, and regulatory reporting.
- Developed backend payment flows with transaction initiation, response validation, and callback-based tracking across mobile and web portals.
- Built a banking mobile app, web portal, and centralized admin hub for dynamic management of users, services, and configurations.
- Developed RPA automation scripts executed by Helix agents; built Angular monitoring portal using Sikuli-based image capture.
- Managed cloud deployment and monitoring of Node.js services on AWS and Azure using Docker, Nginx, and CI/CD pipelines.

Junior Software Developer | [Masys Tech Solution Pvt Ltd](#)

Kalyan-Dombivli, MH | Jun 2023 – Nov 2024

Promoted from Trainee (October 2023)

- Developed full-stack enterprise applications covering payroll, attendance tracking, biometric integration, and multi-role user management, delivering scalable solutions across multiple industries using React.js, Node.js, Express.js, MongoDB and SQL.
- Developed a school management system and mobile app managing student lifecycle: admissions, attendance, fees, scheduling, exams, and results.
- Engineered a real-time construction site management system tracking workforce, materials, and vendor activities.
- Integrated Razor-pay payment gateway; automated tax invoice generation, coupon systems, and secure document management.
- Deployed and maintained Node.js applications on Linux servers with production monitoring; implemented WhatsApp messaging and push notifications.

KEY ACHIEVEMENTS

- Contributed to the design and development of secure FinTech and enterprise platforms, delivering scalable web and mobile applications for banking, payments, onboarding, compliance, workforce management, and business operations.
- Contributed to the development of a custom OAuth 2.0 authentication platform with JWT-based token management, RBAC, secure session handling, and OWASP-aligned security controls, supporting secure access across web and mobile applications.
- Delivered production-grade full-stack solutions across FinTech and enterprise domains, integrating payment gateways, REST APIs, databases, cloud infrastructure, and third-party services while maintaining scalability, security, and reliability.

EDUCATION

Bachelor of Science in Information Technology | CGPI: 8.48

2020 – 2023

VPM's B.N. Bhandarkar College of Science, Thane — Mumbai University
